RE: Risk-Based PCB Cleanup Approval

1210 Massillon Road, Akron, Ohio 44315

Dear Mr. Gunnarson:

United States Environmental Protection Agency have completed our review of your Haley's Run Remediation Certification Report dated February 2, 2010 and Haley's Run Restoration Report dated August 2, 2010, for a risk-based cleanup under 40 CFR 761.61(c) for the soil/sediment contamination in Haley's Ditch, which originated from the Lockheed Martin Corporation property 1210 Massillon Road in Akron, Ohio. Based on our review, your reports are hereby approved.

Please note, that this approval does not preclude us from requiring further action in the future if we obtain any information indicating that such action is needed to protect human health or the environment. Nothing in this letter shall be interpreted as prohibiting us from taking any actions necessary to protect human health and the environment, including ordering additional corrective action if necessary. If you have any questions, please contact me by e-mail at nordine.john@epa.gov or by telephone at (312) 353-1243.

Sincerely,

John Nordine

Geologist

Land and Chemicals Division
